Marshall Gottung, Social Worker, 954-2625

Charla Simonson, School Counselor (M-Z) 954-2623

Rebecca Brunelle, School Nurse, 954-2610

Attention 10th and 11th Grade Students:

Summer is a great time to visit colleges. Take a Tour of Your Favorite College...On Campus...

- **Schedule an appointment:** Be ready with multiple dates and times. Avoid major events or holidays. Arrange to speak to other students, professors, the financial aid, admissions and career offices. Ask about a guided tour.
- **Stay overnight:** You can talk to other students and see what life on campus is really like.
- **Pack smart:** You may want to pack more casual clothes for when you walk around campus and something more formal for an interview with the admissions office.
- **Take notes as you visit:** If you visit several colleges (especially in one day) the details can get blurry.
- **Go to a class:** Note class size, instructors, difficulty level.
- **View other campus buildings:** Check out residence hall rooms, cafeterias, computer labs, health and recreational facilities, the library, etc.

If you are unable to visit, a college search can be done on the internet. Some helpful websites are: www.collegeboard.com, www.collegenet.com, www.collegeview.com, www.nycollege.org.

If you need help or would like to discuss post high school plans with your School Counselor, call ahead at the School Counseling Office for summer hours.

Grade Promotion Requirements

The standing of a student in grades 9-12 is based upon the number of credits the student has successfully completed. The student in or order to be promoted from:

Grade 9-10- must have successfully completed 5 credits.

Grade 10-11-must have successfully completed 10.5 credits.

Grade 11-12-must have successfully completed 16 credits and be a candidate for graduation.

If you are unsure of how many credits you have, please contact your school counselor.

Summer School will be offered at BPHS this summer. Students who already know that he or she will need to go to summer school, should see his or her school counselor to sign up for summer school.

All students should have chosen their classes for next year. When choosing classes students should be looking ahead to post graduation plans. Below is a chart that can be used as a guideline in selecting courses. If you have any questions, please call the School Counseling Office.

High School Course	Graduation Requirements	Minimum College Requirements (Community College)	SUNY School (4 year)	Selective Colleges
English	4 credits	4 credits	4 credits	4 credits, including AP or college level
History	4 credits	4 credits	4 credits	4 credits, including AP or college level
Science	3 credits	3 credits	3-4 credits, should include chemistry and lab sciences	4 credits, including Physics
Math	3 credits	3 credits	3-4 credits Math B	4 credits, including AP or college level
Foreign Language	1 credit	1 credit	3 credits including regents	3 credits plus college level
