

**Mr. Newvine
Grade 7 Science
Course outline**

Laboratory Safety
Observation & Inference
Measurement
Graphing
Experimental Design
Acids & Bases
Matter
Chemistry
Astronomy
Evolution
Earth Science
Plants

Transition goals

Scientific Method (Experimental Design) introduced and practiced
Students will show proficiency using various laboratory equipment
Note taking, critical thinking, and study skills honed.

Grading system

Homework 20%
Quizzes 30%
Tests 40%
Participation 10%
